

## **ELECTION ALERT:**

# **ONTARIO GOES TO THE TO THE POLLS OCTOBER 10**

### **IMPORTANT: FRIENDS DON'T LET FRIENDS VOTE LIBERAL**

I've never been shy regarding my political opinions; indeed, I am paid to deliver them. Once again we proceed into an election and while there are certainly many issues, the issue that concerns me most is, of course, our right to own and use firearms.

As you should be aware, Ontario Premier Dalton McGuinty and Attorney General Michael Bryant have been waging a war of words against us. Deeds WILL follow! They contend firearms owners are to blame for the incompetence of their administration and their inability to reduce violent criminal acts. Premier McGuinty even called for a handgun ban after a high school student was knifed to death near a school. It doesn't make sense but politics rarely does.

Because of the Ontario Liberal's abysmal track record regarding firearms ownership...

**CILA and Canadian Shooting Sports Association wholeheartedly endorse the firearms policies of the *Progressive Conservative Party of Ontario and the Libertarian Party of Ontario.***

Please don't misunderstand, I am not "telling you how to vote" (so please spare me the letters). **It is my job to advise you and the Association of the political aspects of firearms ownership and to advise you as to the best course in our battle to retain our heritage.** My advice is based on one issue only and I strongly advise you to get involved with this election, learn the facts and vote the way your well-informed mind takes you.

So when voting day comes along, keep these things in mind. You may have to hold your nose when you place your X, but with the exception of the Libertarian Party, John Tory's Conservatives are the best bet we have right now in Ontario.

### **YOU NEED TO BECOME INVOLVED... The guns you save will be your own!**

I know you have heard this before and you will keep hearing it from us. ***"Unless we are part of the political process, we will be victims of it."***

***How to best confront the Liberal threat? Simple, make sure they are not in power in Ontario as of October 11.*** Our best asset to accomplish this is you, our membership.

The polls show the parties are in a virtual dead heat. Anything **you** can do to help un-elect the Liberals could have far reaching consequences.

#### **WHAT CAN YOU DO TO HELP?**

- First and foremost, volunteer your time to your local firearms-friendly candidate. In many cases, it is not the candidate with the most money who wins, but the one with the most volunteers, particularly Election Day.
- Encourage your fellow firearms owners, family and neighbours to put lawn signs in front of their houses. They do make a difference.
- Talk to other firearms owners, talk to your relatives, talk to your friends, talk to anyone who stands still long enough to listen.
- And finally, **VOTE!!! Apathy is our biggest enemy. MAKE SURE YOUR FRIENDS AND FAMILY VOTE!**

***For information on the candidate in your riding, see the contact page attached.***

***"Remember, when it comes to politics, don't get mad; get even."*** – Tony Bernardo, CILA
