For more information and pledge sheets contact:
Dave at (519) 354-3692

Here's How It Works

It's easy

Just take this sheet to your family, friends and neighbors. Ask them to sponsor you in the Trap Shoot for Huntington Disease. Make sure they include their full name and address in the space provided in this pledge sheet so we can send you and Income tax receipt.

Come to the Kent Cloverleaf Conservation Club on August 9th, and bring your pledge sheet and money collected with you.

Take part in the Trap Shoot, and have fun!

If you have any questions about the trap shoot please contact:

Dave Ulch (519) 354-3692

Email: undrtrk@mnsi.net

Brenda Lozon (519) 354-4161

Email: shevytoo@ciaccess.com

You Can Make A Difference

Thank you for supporting the Trap Shoot for Huntington Disease. You are helping to raise funds to support the Huntington Society of Canada's fight against HD, through our programs in research, education, individual and family services.

HD is a fatal, hereditary brain disorder with devastating effects on both mind and body. One in every 10,000 Canadians has HD, but closer to one in every 1,000 is touched by it because they have the disease, they are at risk of developing it, or they are caring for someone who has it. Over its lengthy course, HD leads to incapacitation and death.

Although there is presently no cure for HD, there is hope. The gene for HD was discovered in 1993, and since then scientists have made great progress towards finding treatments and a cure.

The Huntington Society of Canada is a national network of volunteers and professionals working to find new treatments and ultimately a cure for people with HD and their families.

THANK YOU FOR YOUR SUPPORT
