He is also the Chairman of the Parliamentary Outdoor Caucus and the Standing Committee on Justice.

**Special Dinner Draw: The Beretta PX4 Storm “Canadian Edition”**

The new Beretta Px4 Storm pistol is the most advanced expression of technological and aesthetic features in a semiautomatic handgun. Adopted by Canada Border Services Agency, the PX4 Storm has been unavailable to Canadian firearms owners... *until now!*

At the urging of CILA/CSSA and Stoeger Canada, Beretta has manufactured the PX4 “Canadian Edition.” This is a very special “Limited Edition” of the PX4 Storm and only 500 units were made, specifically for Canadian shooters. Featuring a factory Beretta 106mm barrel and a 10 round magazine, this previously “prohibited” pistol qualifies for “restricted” status. It is available in 9mm Parabellum only.

Through a special arrangement with our friends at Stoeger Canada, CSSA has acquired the **FIRST TEN** PX4 Storm “Canadian Edition” pistols. They are sequentially serial numbered and are the first (and probably the last) PX4’s commercially available in Canada.

At our 2009 Annual General Meeting Dinner, we will be raffling off PX4 #1. That’s right, you can own the very first PX4 pistol commercially imported into Canada. Accompanied by a **Certificate of Authenticity**, this 1 of 500 pistols is a very rare and valuable collector’s item. Tickets will be sold only at the dinner - \$20 each or 3 for \$50.
